PROSPECTUS SUMMARY

The following summary highlights information contained elsewhere in this prospectus and does not contain all of the information you should consider before investing in the Common Stock. You should read the entire prospectus carefully, including “Risk Factors,” “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” and our financial statements and the related notes, in each case included in this prospectus before making an investment decision.

In this prospectus, unless we indicate otherwise or the context requires, references to the “Company,” “HyreCar,” “we,” “our,” “ours,” and “us” refer to HyreCar Inc. The following summary is qualified in its entirety by the more detailed information and financial statements and notes thereto included elsewhere in this prospectus.

About HyreCar Inc.

Our founders identified the need for a car-sharing platform for individuals who wanted to drive for ride-sharing companies such as Uber Technologies Inc. (“Uber”) and Lyft, Inc. (“Lyft”), but whose automobiles could not meet the standards imposed by the ride-sharing companies. For example, Uber maintains strict guidelines regarding the types of cars a driver can use. Although guidelines relating to cars can differ by state, in general the use of two door coupes, motorcycles and cars that are 12 years or older are excluded. Our founders, before deciding to purchase qualifying sedans that met Uber’s strict guidelines, first inquired as to whether there were any rental options available from Uber that would allow them to drive for the ride-sharing platform. To their surprise, there were no rental options available, other than a shadow industry of individuals renting cars to one another.

HyreCar is a car-sharing marketplace that allows car owners (collectively, “Owners”) to rent their idle cars to ride-sharing service drivers (collectively, “Drivers”). By sourcing vehicles from individual Owners, part-time Drivers may more easily enter and exit the market and our business model allows us to satisfy fluctuating transportation demand in cities around the United States by matching Owners and Drivers. Our vehicle supply also includes commercial owners of vehicles including car dealerships and fleet owners to help increase activity levels.

Our business is based on a proprietary car-sharing marketplace developed to: (i) onboard Owners and Drivers, (ii) facilitate the matching of Owners and Drivers, and (iii) log rental activity for Owners and Drivers. All transactions related to the rental (including, but not limited to, background checks, rentals, deposits and insurance costs) are run securely through the HyreCar platform. Drivers and Owners access their rental or car dashboards through a unique login. Drivers can initiate, terminate or extend a rental through the platform while Owners can manage their car or fleet of cars through the platform.

We believe we have a competitive advantage with our commercial automobile insurance policy that covers both Owners and Drivers. The policy is specifically designed to cover the period of time in which a Driver is operating an Owner’s vehicle while not actively operating a vehicle on a ride-sharing platform, such as Uber or Lyft. During the periods when Drivers are actively operating on a ride-sharing platform, the insurance subordinates to the state mandated insurance provided by the third-party ride-sharing business. To our knowledge, we are the only provider of this car-matching service utilizing this unique insurance product.

Industry and Market Opportunities

Our company was founded to capitalize on a combination of two growth markets: ridesharing (an industry led by Uber and Lyft) and car-sharing (an industry led by companies such as Turo, Inc. and ZipCar, Inc.). Our customers are the Drivers that use our car-sharing platform to rent a car and then use that car to earn income driving for ride share companies (or otherwise utilize the vehicle for commercial purposes, such as food delivery). Finding enough cars and drivers to meet demand has historically been a problem for ride-sharing companies. Our target market also includes drivers who provide delivery services with companies like Instacart and Doordash.

The transportation industry represents a massive market. In the United States alone, consumer expenditures on transportation were approximately \$1.2 trillion and \$1.4 trillion in 2020 and 2019, respectively with 2021 estimates seeing an increase from 2020 pandemic low levels. Transportation was the second largest household expenditure after housing and was almost twice as large as healthcare and three times as large as entertainment. We believe we are still in the relatively early phases of potentially capturing part of the opportunity in the industry. In 2019, ridesharing accounted for just seven percent of total vehicle miles travelled in the United States and in a 2016 survey, 57% of U.S. respondents who used sharing services said that well-priced and convenient offerings could cause them to give up ownership altogether.

We have added over 70,000 Drivers over the past several years, matching them with Owner vehicles that have been used on rideshare and delivery platforms. During the years ended December 31, 2021 and 2020, we added approximately 22,000 and 14,000 new Drivers, respectively, into cars so that they could drive for ride-share and delivery companies. These numbers represent an approximate 57% growth rate in new drivers onto the HyreCar platform year over year.

Recent Developments

As described elsewhere in this prospectus, on September 7, 2022, we sold 5,789,716 shares of our Common Stock to the selling stockholders pursuant to the PIPE Agreement. The shares sold pursuant to the PIPE Agreement were sold at a purchase price of \$0.8636, which was the average closing price of our Common Stock as reported on the Nasdaq Capital Market (“Nasdaq”) for the five trading days immediately prior to the signing of the PIPE Agreement, for total proceeds to us of approximately \$5 million.

On August 15, 2022, we issued 539,633 shares of our Common Stock to Lincoln Park Capital Fund, LLC (“Lincoln Park”), upon our execution of that certain Purchase Agreement, dated August 15, 2022, that we entered into with Lincoln Park (the “Purchase Agreement”), as a fee for Lincoln Park’s commitment to purchase shares of our Common Stock under the Purchase Agreement (the “Commitment Shares”). Also on August 15, 2022, we entered into a registration rights agreement with Lincoln Park (the “Registration Rights Agreement”), pursuant to which we are obligated to file with the SEC a registration statement to register for resale under the Securities Act of 1933, as amended (the “Securities Act”), the shares of Common Stock that have been or may be issued to Lincoln Park under the Purchase Agreement. Such registration statement was filed with the SEC on September 20, 2022 and declared effective on September 30, 2022.

On August 15, 2022, in relation to the Company’s “at-the-market” (“ATM”) offering program, the Company amended that certain Equity Distribution Agreement with Northland Securities, Inc. and filed Supplement No. 1 to the Prospectus Supplement dated November 9, 2021, reducing the aggregate shares to be sold under the ATM program from \$50,000,000 to \$7,900,000. As of September 13, 2022, the Company has sold 1,028,811 shares pursuant to the ATM program for total net proceeds of \$1,326,996.49.

On August 15, 2022, the Company issued promissory notes to certain executive officers of the Company, in the aggregate principal amount of \$500,000 (the “Promissory Notes”). The Promissory Notes will accrue interest at a rate of 7% per year on the outstanding principal amounts. Any unpaid principal amounts and accrued interest under the Promissory Notes will be payable in full one year from the date such amounts are loaned, which has yet to occur.

On September 2, 2022, we issued a Performance Guaranty in favor of the trustee under a Base Indenture between HyreDrive SPV (defined below) and Wilmington Trust, National Association, as trustee and securities intermediary (the “Base Indenture”), for the benefit of certain holders of asset-backed notes issued under the Base Indenture as supplemented by a Series 2022-1 Supplement to the Base Indenture (the “Indenture Supplement”), the administrative agent for such noteholders and certain of their affiliates (the “Performance Guaranty”). The Performance Guaranty was entered into by the Company in connection with the formation of HyreDrive, LLC (“HyreDrive”), which is a joint venture between the Company and AmeriDrive Holdings, Inc. (“AmeriDrive”) and established for the primary purpose of expanding the parties’ strategic relationship intended to create a larger national network of vehicle supply for the Company’s technology platform. HyreDrive has established a bankruptcy remote, wholly owned subsidiary of HyreDrive (the “HyreDrive SPV”) and a titling trust to facilitate the acquisition and financing of vehicles. The Company, solely in its capacity as a performance guarantor, is a party to the Indenture Supplement for the limited purpose of confirming certain representations, warranties and covenants set forth in the Indenture Supplement related to the issuance of asset-backed notes and the collateral securing the obligations under such notes. Pursuant to the Performance Guaranty, the Company will guaranty the performance by AmeriDrive and HyreDrive in certain of their capacities, however, the Performance Guaranty is not a guaranty by the Company of the asset-backed notes of the HyreDrive SPV or of any payment obligations of HyreDrive.

On September 2, 2022, in connection with the Indenture Supplement, we issued warrants to certain accredited investors, which may be exercised to purchase up to an aggregate of 3,221,630 shares of our Common Stock, at a per share exercise price equal to \$1.02 (the “Warrants”). Each Warrant was immediately exercisable for 50% of the underlying shares of our Common Stock, and the remaining shares will vest according to certain vesting criteria. As further detailed under the section titled “Description of Securities,” we also filed the Certificate of Designations on such date to create the Series A Convertible Non-Voting Preferred Stock, which is to be issued solely in the event and to the extent that Warrant 1 exceeds the Share Cap (as such terms are defined under “Description of Securities”). A registration statement covering the resale of the Warrants and the shares of Common Stock issuable upon exercise of the Warrants was filed with the SEC on September 20, 2022 and declared effective on September 30, 2022.

Family Relationships

Joseph Furnari, our Chief Executive Officer, and Michael Furnari, our Chief Business Development Officer, are brothers.

Involvement in Certain Legal Proceedings

To the best of our knowledge, none of our directors or executive officers have, during the past ten years, been involved in any legal proceedings described in subparagraph (f) of Item 401 of Regulation S-K.

Arrangement between Officers and Directors

To our knowledge, there is no arrangement or understanding between any of our officers and any other person, including our directors, pursuant to which the officer was selected to serve as an officer.

Director Independence

The Board periodically reviews relationships that directors have with our company to determine whether the directors are independent. Directors are considered “independent” as long as they do not accept any consulting, advisory or other compensatory fee (other than director fees) from us, are not an affiliated person of our company or our subsidiaries (e.g., an officer or a greater than 10% stockholder) and are independent within the meaning of applicable United States laws, regulations and the Nasdaq Capital Market listing rules. In this latter regard, the Board uses the Nasdaq Marketplace Rules (specifically, Section 5605(a)(2) of such rules) as a benchmark for determining which, if any, of our directors are independent, solely in order to comply with applicable SEC disclosure rules.

Based on the above, the Board considers Grace Mellis, our Chairman, Brooke Skinner Ricketts, Michael Root, and Jayaprakash Vijayan to be “independent” members of our Board.

The following table identifies our independent and non-independent Board and Committee members in accordance with NASDAQ Listing Rule 5605(a)(2):

Name	Independent	Audit	Compensation	Corporate Governance/ Nominating
Joseph Furnari				
Grace Mellis	X	X*	X*	X*
Michael Root	X		X	
Brooke Skinner Ricketts	X	X	X	X
Jayaprakash Vijayan	X	X		

* Chairman of the committee

Classified Board of Directors

In accordance with the terms of our amended and restated certificate of incorporation and our amended and restated, our Board is divided into three classes. The members of each class serve for a staggered, three-year term. Upon the expiration of the term of a class of directors, directors in that class will be elected for three-year terms at the annual meeting of stockholders in the year in which their term expires. The classes are composed as follows:

- Michael Root is a Class I director, whose term will expire at the 2025 Annual Meeting;
- Joseph Furnari and Jayaprakash Vijayan are Class II directors, whose term will expire at the annual meeting of stockholders to be held in 2023; and
- Grace Mellis and Brooke Skinner Ricketts are Class III directors, whose term will expire at the annual meeting of stockholders to be held in 2024.

DESCRIPTION OF SECURITIES

The following summary of the material terms of the Company's securities is not intended to be a complete summary of the rights and preferences of such securities. You are encouraged to read the applicable provisions of the DGCL, the Amended and Restated Charter and Bylaws in their entirety for a complete description of the rights and preferences of the Company's securities.

As of the date of this prospectus, our authorized capital stock consisted of 50,000,000 shares of Common Stock, \$0.00001 par value per share, and 15,000,000 shares of preferred stock, \$0.00001 par value per share. Our Board may establish the rights and preferences of the preferred stock from time to time. As of September 12, 2022, there were 29,666,068 shares of our Common Stock issued and outstanding and no shares of our preferred stock issued and outstanding.

Common Stock

We are authorized to issue up to a total of 50,000,000 shares of Common Stock, par value \$0.00001 per share. Holders of our Common Stock are entitled to one vote for each share held on all matters submitted to a vote of our stockholders. Holders of our Common Stock have no cumulative voting rights. All shares of Common Stock offered hereby will, when issued, be fully paid and nonassessable, including shares of Common Stock issued upon the exercise of Common Stock warrants or subscription rights, if any.

Further, holders of our Common Stock have no preemptive or conversion rights or other subscription rights. Upon our liquidation, dissolution or winding-up, holders of our Common Stock are entitled to share in all assets remaining after payment of all liabilities and the liquidation preferences of any of our outstanding shares of preferred stock. Subject to preferences that may be applicable to any outstanding shares of preferred stock, holders of our Common Stock are entitled to receive dividends, if any, as may be declared from time to time by our Board of Directors out of our assets which are legally available. Such dividends, if any, are payable in cash, in property or in shares of capital stock.

The holders of a majority of the shares of our capital stock, represented in person or by proxy, are necessary to constitute a quorum for the transaction of business at any meeting. If a quorum is present, an action by stockholders entitled to vote on a matter is approved if the number of votes cast in favor of the action exceeds the number of votes cast in opposition to the action, with the exception of the election of directors, which requires a plurality of the votes cast.

Preferred Stock

Our board of directors has the authority, without further action by the stockholders, to issue up to 15,000,000 shares of preferred stock in one or more series and to fix the designations, powers, preferences, privileges, and relative participating, optional, or special rights as well as the qualifications, limitations, or restrictions of the preferred stock, including dividend rights, conversion rights, voting rights, terms of redemption, and liquidation preferences, any or all of which may be greater than the rights of the Common Stock. Our board of directors, without stockholder approval, can issue convertible preferred stock with voting, conversion, or other rights that could adversely affect the voting power and other rights of the holders of Common Stock. Preferred stock could be issued quickly with terms calculated to delay or prevent a change of control or make removal of management more difficult. Additionally, the issuance of preferred stock may have the effect of decreasing the market price of our Common Stock, and may adversely affect the voting and other rights of the holders of Common Stock.

Series A Convertible Non-Voting Preferred Stock

On September 2, 2022 (the "Filing Date"), the Company filed the Certificate of Designations of Preferences, Rights and Limitations of the Series A Convertible Non-Voting Preferred Stock (the "Certificate of Designations") with the Secretary of State of the State of Delaware. The Certificate of Designations provides for the designation of 1,500,000 shares of the Company's preferred stock, par value \$0.00001 per share, as Series A Convertible Non-Voting Preferred Stock ("Series A Convertible Non-Voting Preferred Stock"), which is to be issued solely in the event and to the extent that Warrant 1 exceeds the Share Cap (as such terms are defined below). As described in the Certificate of Designations, the shares of Series A Convertible Non-Voting Preferred Stock have no voting rights.

As to dividend rights and distributions declared by the Company's Board of Directors, the shares of Series A Convertible Non-Voting Preferred Stock rank (i) senior to any class or series of capital stock of the Company created after the Filing Date specifically ranking by its terms junior to the Series A Convertible Non-Voting Preferred Stock ("Junior Securities"), (ii) on par with any class or series of capital stock of the Company created after the Filing Date specifically ranking by its terms on par with the Series A Convertible Non-Voting Preferred Stock ("Parity Securities"), (iii) junior to any class or series of capital stock of the Company created after the Filing Date specifically ranking by its terms senior to the Series A Convertible Non-Voting Preferred Stock ("Senior Securities"), and (iv) senior to the Common Stock. As to distributions of assets upon liquidation, dissolution or winding up of the Company, the shares of Series A Convertible Non-Voting Preferred Stock rank (i) senior to any class or series of Junior Securities, (ii) on par with any class or series of Parity Securities, (iii) junior to any class or series of Senior Securities, and (iv) on par with the Common Stock.

Each share of Series A Convertible Non-Voting Preferred Stock is convertible at any time at the holder's option into such number of fully paid and non-assessable shares of Common Stock as determined by multiplying one share of Series A Convertible Non-Voting Preferred Stock by the Series A Conversion Rate in effect at the time of conversion. The "Series A Conversion Rate" is initially 1.0, but is subject to adjustment for stock splits and combinations, as specified in the Certificate of Designations. The Certificate of Designations further provides that the Company will not effect any conversion of the shares of Series A Convertible Non-Voting Preferred Stock in certain circumstances as detailed in the Certificate of Designations.

Additionally, the Series A Convertible Non-Voting Preferred Stock will automatically convert, without further action by a holder, in the event such holder, directly or indirectly, transfers such shares to a person other than the holder or an affiliate of such holder.

Warrants

On September 2, 2022, in connection with the Indenture Supplement, we issued a warrant ("Warrant 1") to a certain accredited investor, which may be exercised to purchase up to an aggregate of 2,680,179 shares of our Common Stock, at a per share exercise price equal to \$1.02. Warrant 1 was immediately exercisable for 1,340,090 shares of our Common Stock, and the remaining shares will vest according to certain vesting criteria. If Warrant 1 would cause its holder or its affiliates to own five percent (5%) or more of the outstanding shares of the voting stock of the Company (the "Share Cap"), Warrant 1 shall be exercisable for the number of shares of Common Stock not to exceed the Share Cap with the remainder exercisable for our Series A Convertible Non-Voting Preferred Stock. Pursuant to Warrant 1, the determination of whether this Share Cap shall apply to reduce the number of voting shares for which Warrant 1 may be exercised is in the sole discretion of the holder of such Warrant 1.

On September 2, 2022, also in connection with the Indenture Supplement, and as described elsewhere in this prospectus, the Company issued another warrant ("Warrant 2") which may be exercised to purchase up to an aggregate of 541,451 shares of our Common Stock, at a per share exercise price equal to \$1.02. Warrant 2 was immediately exercisable for 270,726 shares of our Common Stock, and the remaining shares will vest according to certain vesting criteria. Warrant 1 and Warrant 2 are collectively referred to as the "Warrants."

Notes

As described above, on August 15, 2022, the Company issued the Promissory Notes to certain executive officers of the Company, in the aggregate principal amount of \$500,000. The Promissory Notes will accrue interest at a rate of 7% per year on the outstanding principal amounts. Any unpaid principal amounts and accrued interest under the Promissory Notes will be payable in full one year from the date such amounts are loaned, which has not yet occurred.

At the discretion of the Company's Board of Directors, the aggregate unpaid principal amounts, and any unpaid accrued interest, may be convertible into shares of the Common Stock, at a conversion price that is equal to the last reported closing price of our Common Stock on Nasdaq.

Dividend Policy

We have never declared or paid any cash dividends on our capital stock, and we do not currently intend to pay any cash dividends on our Common Stock for the foreseeable future. We expect to retain future earnings, if any, to fund the development and growth of our business. Any future determination to pay dividends on our Common Stock will be at the discretion of our board of directors and will depend upon, among other factors, our financial condition, operating results, current and anticipated cash needs, plans for expansion and other factors that our board of directors may deem relevant.

Registration Rights

Pursuant to the PIPE Agreement, the selling stockholders have been granted certain registration rights related to the shares of our Common Stock acquired by them under the PIPE Agreement (collectively, the "Registrable Securities"). Under the PIPE Agreement, we are obligated to prepare and file the Resale Registration Statement covering the resale of the Registrable Securities by the selling stockholders with the SEC within 15 business days of the closing of the issuance of the Registrable Securities. Such closing occurred on September 7, 2022. The registration statement of which this prospectus forms a part is intended to satisfy this obligation.

Pursuant to the Registration Rights Agreement, Lincoln Park was granted certain registration rights related to the shares of Common Stock that have been or may be issued to Lincoln Park under the Purchase Agreement (collectively, the "LP Registrable Securities"). Under the Registration Rights Agreement, we are obligated to prepare and file a registration statement covering the resale of the LP Registrable Securities by Lincoln Park with the SEC within 30 business days of entering into the Registration Rights Agreement. We filed such registration statement covering the resale of the LP Registrable Securities on September 20, 2022 and declared effective on September 30, 2022.

Pursuant to the provisions of the Warrants, which were issued to certain accredited investors on September 2, 2022, we agreed to provide certain registration rights to such accredited investors with respect to the Warrants and the shares of Common Stock issuable upon exercise of the Warrants (the "Warrant Registrable Securities"). We filed such registration statement covering the resale of the Warrant Registrable Securities on September 20, 2022 and declared effective on September 30, 2022.

Anti-Takeover Effects of Provisions of Our Charter Documents

Our certificate of incorporation provides for our board of directors to be divided into three classes serving staggered terms. Approximately one-third of the board of directors will be elected each year. The provision for a classified board could prevent a party who acquires control of a majority of our outstanding voting stock from obtaining control of our board of directors until the second annual stockholders meeting following the date the acquirer obtains the controlling stock interest. The classified board provision could discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of us and could increase the likelihood that incumbent directors will retain their positions. Our certificate of incorporation provides that directors may be removed with cause by the affirmative vote of the holders of a majority of the voting power of all of our outstanding stock or without cause by the affirmative vote of the holders of at least 66 and 2/3% of the voting power of all of our outstanding stock.

Our certificate of incorporation provides that certain amendments of our certificate of incorporation and amendments by our stockholders of our bylaws require the approval of at least 66 and 2/3% of the voting power of all of our outstanding stock. These provisions could discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of our company and could delay changes in management.

Our certificate of incorporation also provides that, unless we consent in writing to an alternative forum, the Court of Chancery of the State of Delaware will be the sole and exclusive forum for any derivative action or proceeding brought on our behalf, any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, employees or agents to us or our stockholders, any action asserting a claim arising pursuant to any provision of the Delaware General Corporation Law, or DGCL, our certificate of incorporation or our bylaws or any action asserting a claim that is governed by the internal affairs doctrine, in each case subject to the Court of Chancery having personal jurisdiction over the indispensable parties named as defendants therein and the claim not being one which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery or for which the Court of Chancery does not have subject matter jurisdiction. This exclusive forum provision would not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act or any other claim for which the federal courts have exclusive jurisdiction. This forum selection provision may limit our stockholders' ability to bring a claim in a judicial forum that they find favorable for disputes with us or our directors, officers, employees or agents, which may discourage such lawsuits against us and our directors, officers, employees and agents even though an action, if successful, might benefit our stockholders.

Our bylaws establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of our stockholders, including proposed nominations of persons for election to our board of directors. At an annual meeting, stockholders may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board of directors. Stockholders may also consider a proposal or nomination by a person who was a stockholder at the time of giving notice and at the time of the meeting, who is entitled to vote at the meeting and who has complied with the notice requirements of our bylaws in all respects. The bylaws do not give our board of directors the power to approve or disapprove stockholder nominations of candidates or proposals regarding other business to be conducted at a special or annual meeting of our stockholders. However, our bylaws may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed. These provisions may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of our company.

Our bylaws provide that a special meeting of our stockholders may be called only by our Secretary and at the direction of our board of directors by resolution adopted by a majority of our board of directors. Because our stockholders do not have the right to call a special meeting, a stockholder could not force stockholder consideration of a proposal over the opposition of our board of directors by calling a special meeting of stockholders prior to such time as a majority of our board of directors, the chairperson of our board of directors, the president or the chief executive officer believed the matter should be considered or until the next annual meeting *provided* that the requestor met the notice requirements. The restriction on the ability of stockholders to call a special meeting means that a proposal to replace our board of directors also could be delayed until the next annual meeting.

Our bylaws do not allow our stockholders to act by written consent without a meeting. Without the availability of stockholder action by written consent, a holder controlling a majority of our capital stock would not be able to amend our bylaws or remove directors without holding a stockholders' meeting.

Anti-Takeover Effects of Delaware Law

We are subject to the provisions of Section 203 of the DGCL, or Section 203. Under Section 203, we would generally be prohibited from engaging in any business combination with any interested stockholder for a period of three years following the time that this stockholder became an interested stockholder unless:

- prior to this time, our board of directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;

- upon consummation of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding shares owned by persons who are directors and also officers, and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or subsequent to such time, the business combination is approved by our board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 and 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Under Section 203, a “business combination” includes:

- any merger or consolidation involving the corporation and the interested stockholder;
- any sale, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder, subject to limited exceptions;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an interested stockholder as an entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation and any entity or person affiliated with or controlling or controlled by such entity or person.

Limitations on Liability, Indemnification of Officers and Directors and Insurance

We are governed by the DGCL. Section 145 of the DGCL provides that a corporation may indemnify any person, including an officer or director, who was or is, or is threatened to be made, a party to any threatened, pending or completed legal action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person was or is an officer, director, employee or agent of such corporation or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such officer, director, employee or agent acted in good faith and in a manner such person reasonably believed to be in, or not opposed to, the corporation’s best interest and, for criminal proceedings, had no reasonable cause to believe that such person’s conduct was unlawful. A Delaware corporation may indemnify any person, including an officer or director, who was or is, or is threatened to be made, a party to any threatened, pending or contemplated action or suit by or in the right of such corporation, under the same conditions, except that such indemnification is limited to expenses (including attorneys’ fees) actually and reasonably incurred by such person, and except that no indemnification is permitted without judicial approval if such person is adjudged to be liable to such corporation. Where an officer or director of a corporation is successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to above, or any claim, issue or matter therein, the corporation must indemnify that person against the expenses (including attorneys’ fees) which such officer or director actually and reasonably incurred in connection therewith.

Our amended and restated bylaws authorize the indemnification of our officers and directors, consistent with Section 145 of the DGCL.

Reference is made to Section 102(b)(7) of the DGCL, which enables a corporation in its original certificate of incorporation or an amendment thereto to eliminate or limit the personal liability of a director for violations of the director’s fiduciary duty, except (i) for any breach of the director’s duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) pursuant to Section 174 of the DGCL, which provides for liability of directors for unlawful payments of dividends of unlawful stock purchase or redemptions or (iv) for any transaction from which a director derived an improper personal benefit.

We have entered into indemnification agreements with each of our directors and officers. These indemnification agreements may require us, among other things, to indemnify our directors and officers for some expenses, including attorneys’ fees, judgments, fines and settlement amounts incurred by a director or officer in any action or proceeding arising out of his or her service as one of our directors or officers, or any of our subsidiaries or any other company or enterprise to which the person provides services at our request.

We also maintain a general liability insurance policy that covers certain liabilities of directors and officers of our corporation arising out of claims based on acts or omissions in their capacities as directors or officers.

PLAN OF DISTRIBUTION

We are registering for resale by the selling stockholders and certain transferees a total of 5,789,716 shares of Common Stock, all of which are issued and outstanding. We will not receive any of the proceeds from the sale by the selling stockholders of the shares of Common Stock. We will bear all fees and expenses incident to our obligation to register the shares of Common Stock. If the shares of Common Stock are sold through broker-dealers or agents, the selling stockholder will be responsible for any compensation to such broker-dealers or agents.

The selling stockholders may pledge or grant a security interest in some or all of the shares of Common Stock owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell the shares of Common Stock from time to time pursuant to this prospectus.

The selling stockholders also may transfer and donate the shares of Common Stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling stockholders will sell their shares of Common Stock subject to the following:

- all or a portion of the shares of Common Stock beneficially owned by the selling stockholders or their perspective pledgees, donees, transferees or successors in interest, may be sold on the OTC Bulletin Board Market, any national securities exchange or quotation service on which the shares of our Common Stock may be listed or quoted at the time of sale, in the over-the counter market, in privately negotiated transactions, through the writing of options, whether such options are listed on an options exchange or otherwise, short sales or in a combination of such transactions;
- each sale may be made at market price prevailing at the time of such sale, at negotiated prices, at fixed prices or at carrying prices determined at the time of sale;
- some or all of the shares of Common Stock may be sold through one or more broker-dealers or agents and may involve crosses, block transactions or hedging transactions. The selling stockholders may enter into hedging transactions with broker-dealers or agents, which may in turn engage in short sales of the Common Stock in the course of hedging in positions they assume. The selling stockholders may also sell shares of Common Stock short and deliver shares of common stock to close out short positions or loan or pledge shares of Common Stock to broker-dealers or agents that in turn may sell such shares; and
- in connection with such sales through one or more broker-dealers or agents, such broker-dealers or agents may receive compensation in the form of discounts, concessions or commissions from the selling stockholders and may receive commissions from the purchasers of the shares of Common Stock for whom they act as broker-dealer or agent or to whom they sell as principal (which discounts, concessions or commissions as to particular broker-dealers or agents may be in excess of those customary in the types of transaction involved). Any broker-dealer or agent participating in any such sale may be deemed to be an “underwriter” within the meaning of the Securities Act and will be required to deliver a copy of this prospectus to any person who purchases any share of Common Stock from or through such broker-dealer or agent. We have been advised that, as of the date hereof, none of the selling stockholders have made any arrangements with any broker-dealer or agent for the sale of their shares of Common Stock.

The selling stockholder and any broker-dealer participating in the distribution of the shares of Common Stock may be deemed to be “underwriters” within the meaning of the Securities Act, and any profits realized by the selling stockholders and any commissions paid, or any discounts or concessions allowed to any such broker-dealer may be deemed to be underwriting commissions or discounts under the Securities Act. In addition, any shares of Common Stock covered by this prospectus which qualify for sale pursuant to Rule 144 may be sold under Rule 144 rather than pursuant to this prospectus. A selling stockholder may also transfer, devise or gift the shares of Common Stock by other means not covered in this prospectus in which case the transferee, devisee or giftee will be the selling stockholder under this prospectus.

If required at the time a particular offering of the shares of Common Stock is made, a prospectus supplement or, if appropriate, a post-effective amendment to the shelf registration statements of which this prospectus is a part, will be distributed which will set forth the aggregate amount of shares of Common Stock being offered and the terms of the offering, including the name or names of any broker-deals or agents, any discounts, commissions or concessions allowed or reallocated or paid to broker-dealers.

Under the securities laws of some states, the shares of Common Stock may be sold in such states only through registered or licensed brokers or dealers. In addition, in some states the shares of Common Stock may not be sold unless such shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with. There can be no assurance that any selling stockholder will sell any or all of the shares of Common Stock registered pursuant to the registration statement of which this prospectus forms a part.

The selling stockholders and any other person participating in such distribution will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including, without limitation, Regulation M of the Exchange Act, which may limit the timing of purchases and sales of any of the shares of common stock by the selling stockholders and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares of Common Stock to engage in market-making activities with respect to the shares of Common Stock. All of the foregoing may affect the marketability of the shares of Common Stock and the ability of any person or entity to engage in market-making activities with respect to the shares of Common Stock.

We will bear all expenses of the registration of the shares of Common Stock including, without limitation, SEC filing fees and expenses of compliance with the state securities of “blue sky” laws. The selling stockholders will pay all underwriting discounts and selling commissions and expenses, brokerage fees and transfer taxes, as well as the fees and disbursements of counsel to and experts for the selling stockholders, if any. We will indemnify the selling stockholders against liabilities, including some liabilities under the Securities Act, in accordance with the registration rights agreement or the selling stockholder will be entitled to contribution. We will be indemnified by the selling stockholders against civil liabilities, including liabilities under the Securities Act that may arise from any written information furnished to us by the selling stockholders for use in this prospectus, in accordance with the related securities purchase agreement or will be entitled to contribution. Once sold under this shelf registration statement, of which this prospectus forms a part, the shares of common stock will be freely tradable in the hands of persons other than our affiliates.

This offering will terminate on the date that all of the shares of Common Stock offered by this prospectus have been sold by the selling stockholders.

Our Common Stock is quoted on the Nasdaq Capital Market under the symbol "HYRE".
